## **MGM Provides Status Update Post Typhoon Hato**

*Thanks team members and Macau community for their support during this challenging time*

**[Macau, August 24, 2017]** Yesterday a major typhoon passed through Macau affecting the entire community. While this was an exceptional situation, we have been working closely with the combined support of the Macau government and the utilities companies including our power, water and telephone services to restore operations and protect our employees and guests.

We would like to thank our staff for their hard work and cooperation during this difficult time. We are reaching out to all of our employees to make certain everyone is safe and accounted for.

The resort is working very diligently to take care of our existing guests and communicate with any incoming guests. We have sustained some damage to the building, which is relatively minor and we believe will not have any impact on our return to normal operations.

While the typhoon has now passed, the recovery will take some time and we stand ready to support the Macau community and our staff.
