

More than Half of MGM Team Members Vaccinated

Two Outreach Vaccination Programs to Safeguard Macau

MGM recognizes the importance of achieving a herd immunity to boost the city's defense against the pandemic. As MGM has received positive responses after hosting the first "Outreach Vaccination Program – MGM" in May, the Company once again invited a group of medical staffs from Macau Health Bureau to organize another program between June 28 and July 2, encouraging team members to receive their shots at a comfortable and convenient environment. The five-day program administered COVID-19 vaccines for 3,200 team members and their family members. As of now, 56% of the total number of MGM's team members are vaccinated.

Pansy Ho, Co-chairperson & Executive Director of MGM China Holdings Limited, said, "Vaccination is the key to combat COVID-19 pandemic. Macau's economy may get back on track only if we could boost up the vaccination rate to build a solid barrier against the virus. We hereby would like to express our sincere appreciation to the medical staffs from Health Bureau for hosting another outreach program for our team members and families. We also thank every team member who has been vaccinated, as this is an act of protection for themselves and their loved ones, while also fulfilling their civil responsibility to safeguard everyone in the city."
